

YOUR BANK HAS DECLARED FORECLOSURE WAR

Are You Armed For Battle?

(Never give in, never give in, never give in ... Sir Winston Churchill)

Dear Homeowner,

We have learned of your imminent foreclosure. And we want to share some **vital** information that will absolutely **STOP IT** ... if you **ACT** quickly!

We **WIN** the foreclosure battle **100%** of the time, and we want to win for **YOU**.

We understand how this happens to **hard-working, responsible people like you**. The statistics on foreclosures are staggering. But it is not your fault. It is the fault of the economy, the tax and lending laws and other forces beyond your control.

***Did you know that home foreclosures have more than tripled in the past 25 years?
It is a problem of epidemic proportions.***

If you're thinking about bankruptcy ... be careful! You'll learn **how** it will cost you more, not less, to save your home from foreclosure, when you file for bankruptcy. It's all explained on the enclosed CD.

The banks are getting richer and the middle class is suffering. When you get behind, banks can charge exorbitant late fees and then inflated attorney fees, ensuring your defeat and maximizing their profits. **And finally, they keep your hard-earned equity and sell your home at auction for cash.** This is war!

What do you do? Where do you turn? Who do you trust?

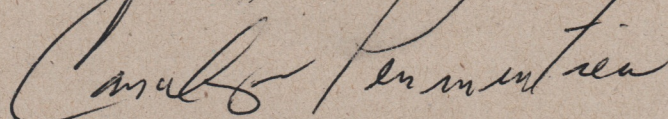

Your first line of defense is to **EDUCATE** yourself. Knowledge is power. It's the ammunition you need to fight back. **You are a victim. But don't be a fatality.**

We have helped hundreds of families successfully **AVOID** foreclosure, and we can help you. Take **ACTION** and arm yourself for battle. **Take these action steps now:**

- 1. Listen to the enclosed CD (Real solutions. NO hype. NO false hopes.)**
- 2. Then call the Hotline at 800.528.3231 and speak to someone immediately!**

Time is very short, so call day or night. We're armed for battle. And we will find the **very** best solution for **YOU**. But letting the bank take your home is **NOT** one of them.

Yours in **ACTION**,

Carolyn Permentier

Nothing is so exhausting as indecision, and nothing is so futile ... Bertrand Russell
